FF-OI-02: "Material Creation"

Document History

Revision	Content	Editor	Time
01	Initial Document Creation	Hannes	24.05.2026

Table of Contents

1. Overview of Existing Material Atlases
 2. Process of Creating an Material Atlas/Trimsheets
-

Purpose of this document

Targets:

- Reduce Draw calls.
- Reduce file size.
- Optimize performance.
 - use fewer material trimsheets, see what is re-useable and

make asset plan

- we use vertex paint to include several trimsheets in a single material

child prop trimsheet 03 must get planned out.

https://trello.com/c/EsRwpSjq/705-alpha-map-plant-wares-trimsheet03?search_id=f51e21c6-4bb2-4aae-bebe-357ba270c132

Plan out parent prop materials from existing trimsheets.

Any 3d Artist can use any of the existing prop trimsheets.

Terminology

Trim Sheet texture map with various, often tiling, textures, sometimes unique textures

Atlas ...

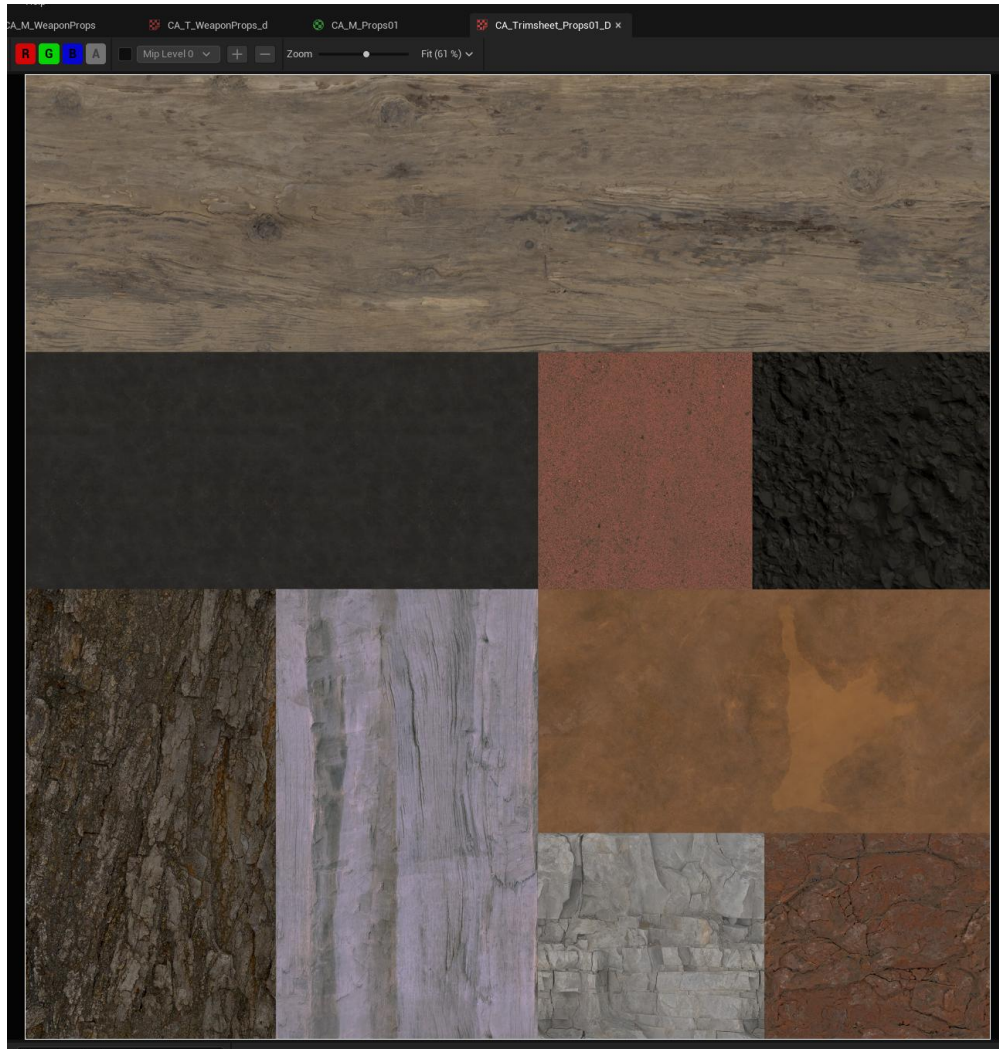

Vertex ...

1. Overview of Existing Material Atlases

M: **CA_M_TownProps** (T: [CA_trimsheet_props01_D](#)) [from left to right, top to bottom]

Creator: Jonathan (Gahmuret)

- processed wood → used on: town props, bells
- cast black iron, rusty → used on:
- pulverized Iron → used on: IronOreBasket
- Coal → used on:
- tree bark → used on: tree stump, bark resource
- aged wood → used on:
- leather → used on:
- rough cut bright stone → used on:
- iron ore → used on:

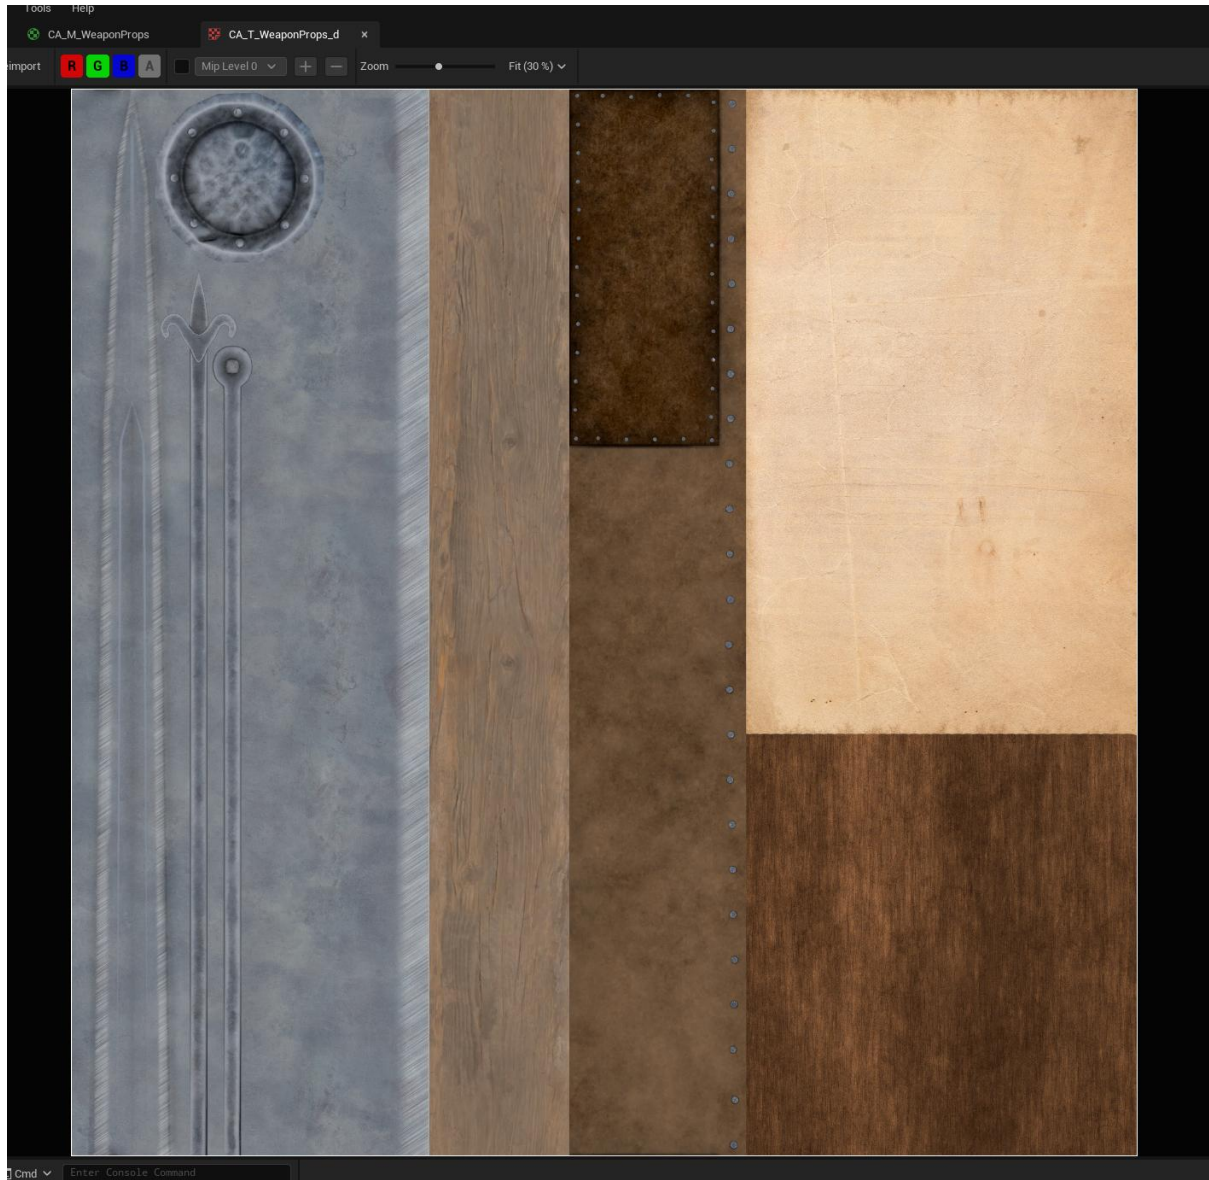

M: **CA_M_TownProps** (T: **CA_T_WeaponProps_d**) [from left to right, top to bottom]
 Creator: Jonathan (Gahmuret)

- Steel, including details → used on: weapons, plates?
 Furniture?
 - Buckler
 - sharp steel edge
 - sword
- brighter processed wood → used on: weapons (shaft of spear etc)
- leather dark → used on: shield (i guess?)
- bright leather → used on: shield

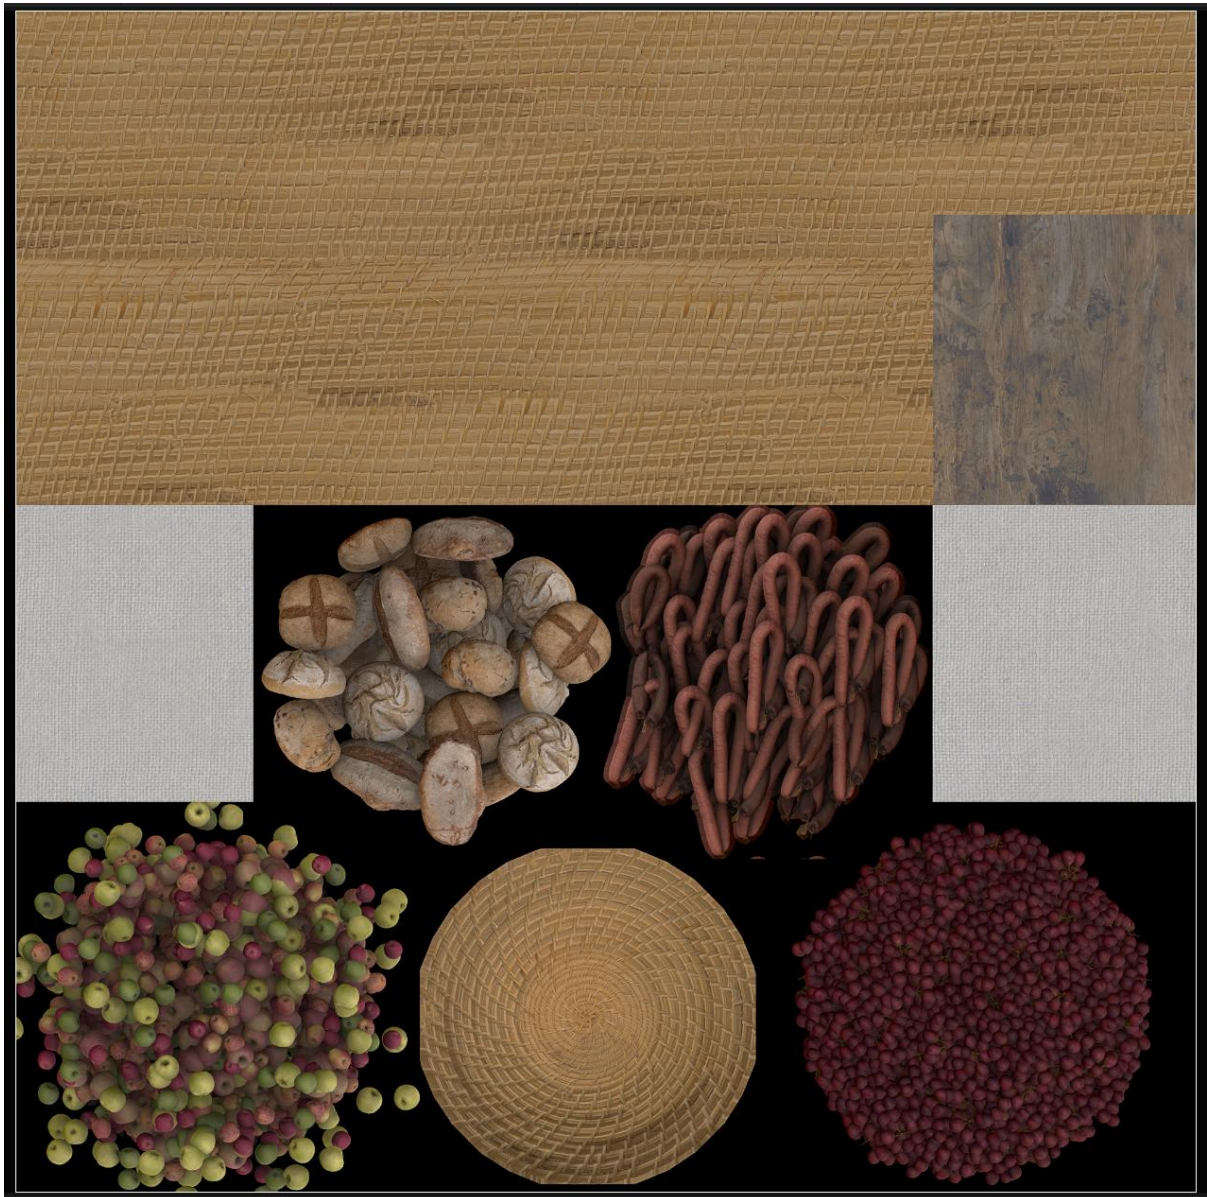

FF-OI-02: "Material Creation" Rev01

- parchment → used on: used for animal hide on shields
(fancy shields get wrapped in parchment)
- polished darker red wood: → used on: (i dont know)

M: [CA_M_Props02](#) (T: [CA_Trimsheet_Props02_d](#)) [from left to right, top to bottom]
Creator: Jonathan (Gahmuret)

- Sack material - to be improved says jonathan

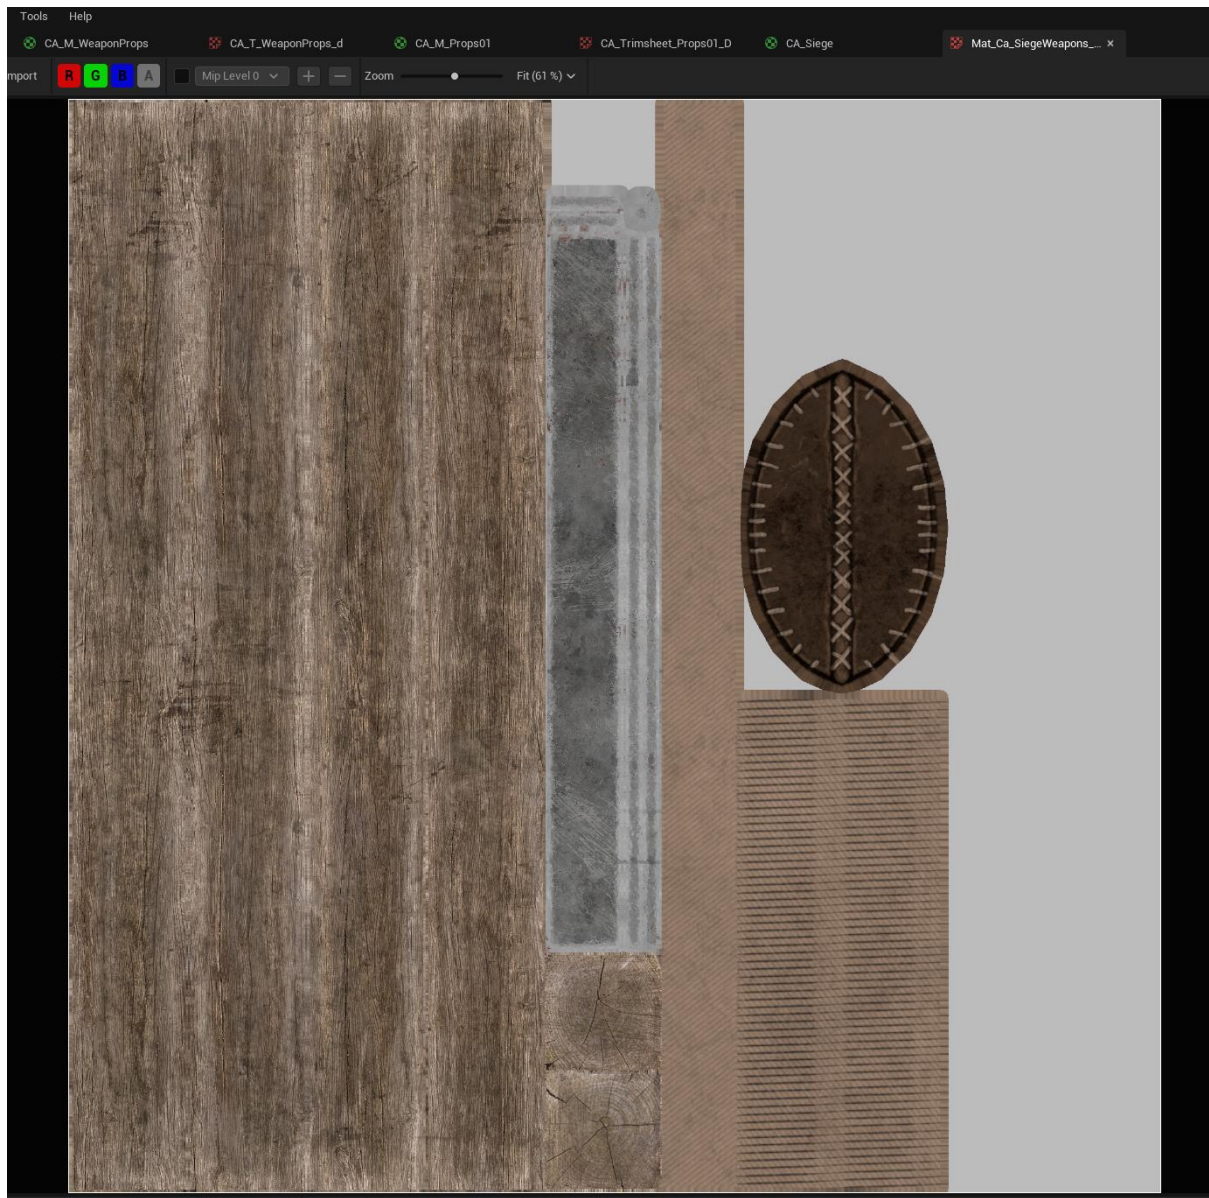

M: [CA_M_Siege](#) (T: [Mat_Ca_SiegeWeapons_d](#)) [from left to right, top to bottom]

FF-OI-02: "Material Creation" Rev01

Creator: Dominik Maral (Chuwak)

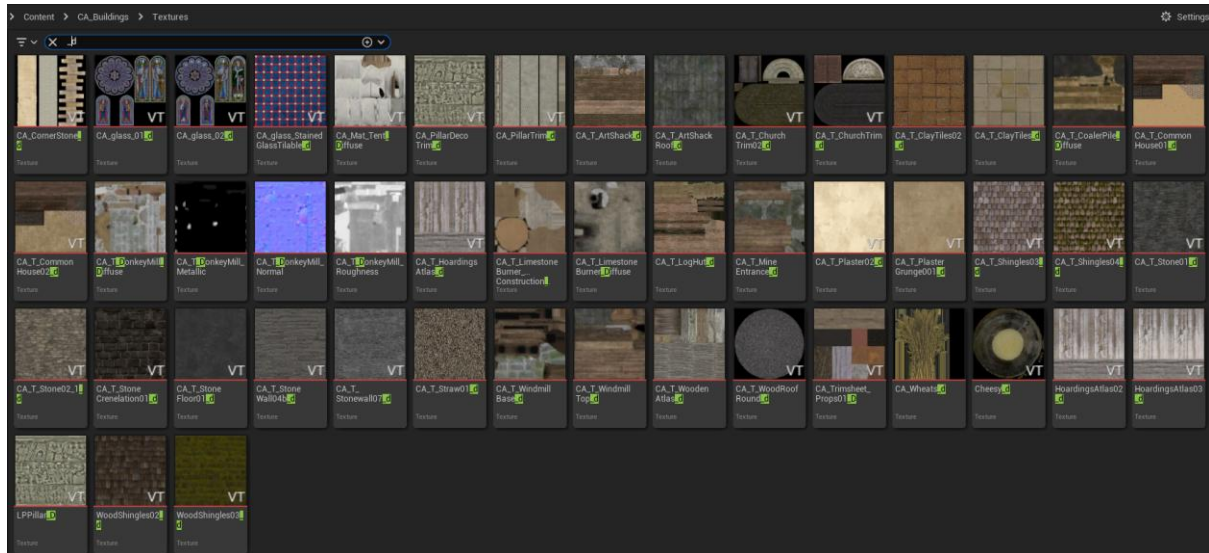

- rough wood → used on: siege weapons, cart
- Steel rough → used on: iron parts of siege weapons
- rope → used on: ropes of siege engines
- leather dark → used on: siege engines
- new leather → used on: horse saddle (not yet in image, wip)

FF-OI-02: "Material Creation" Rev01

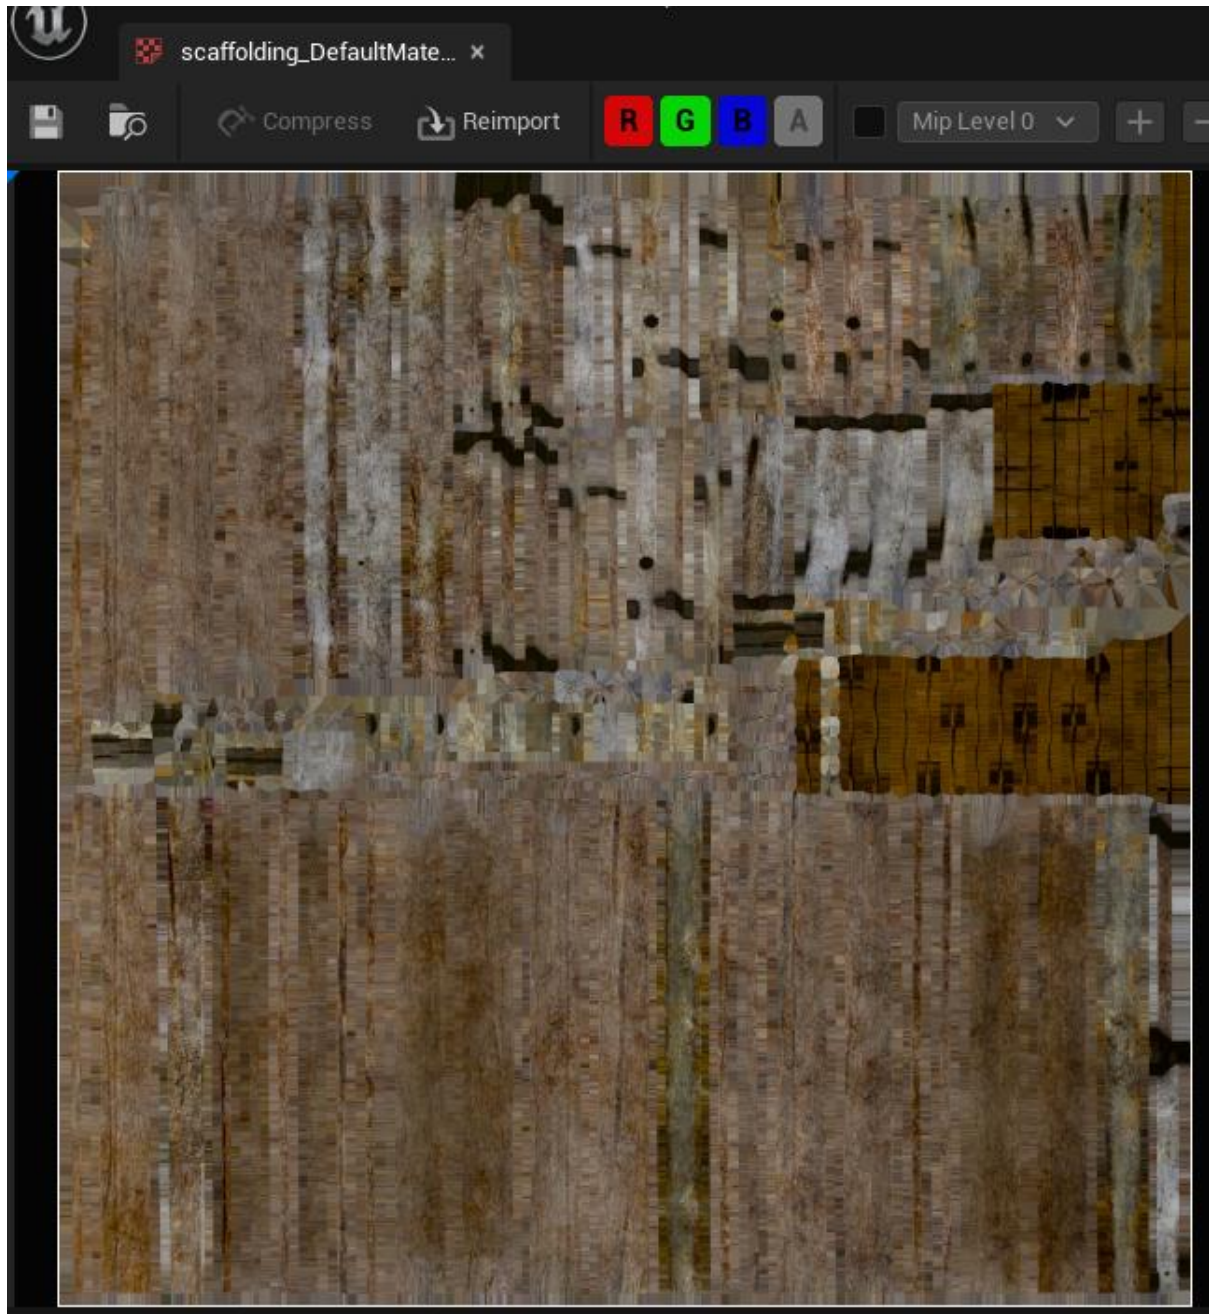

overview of diffuse maps:

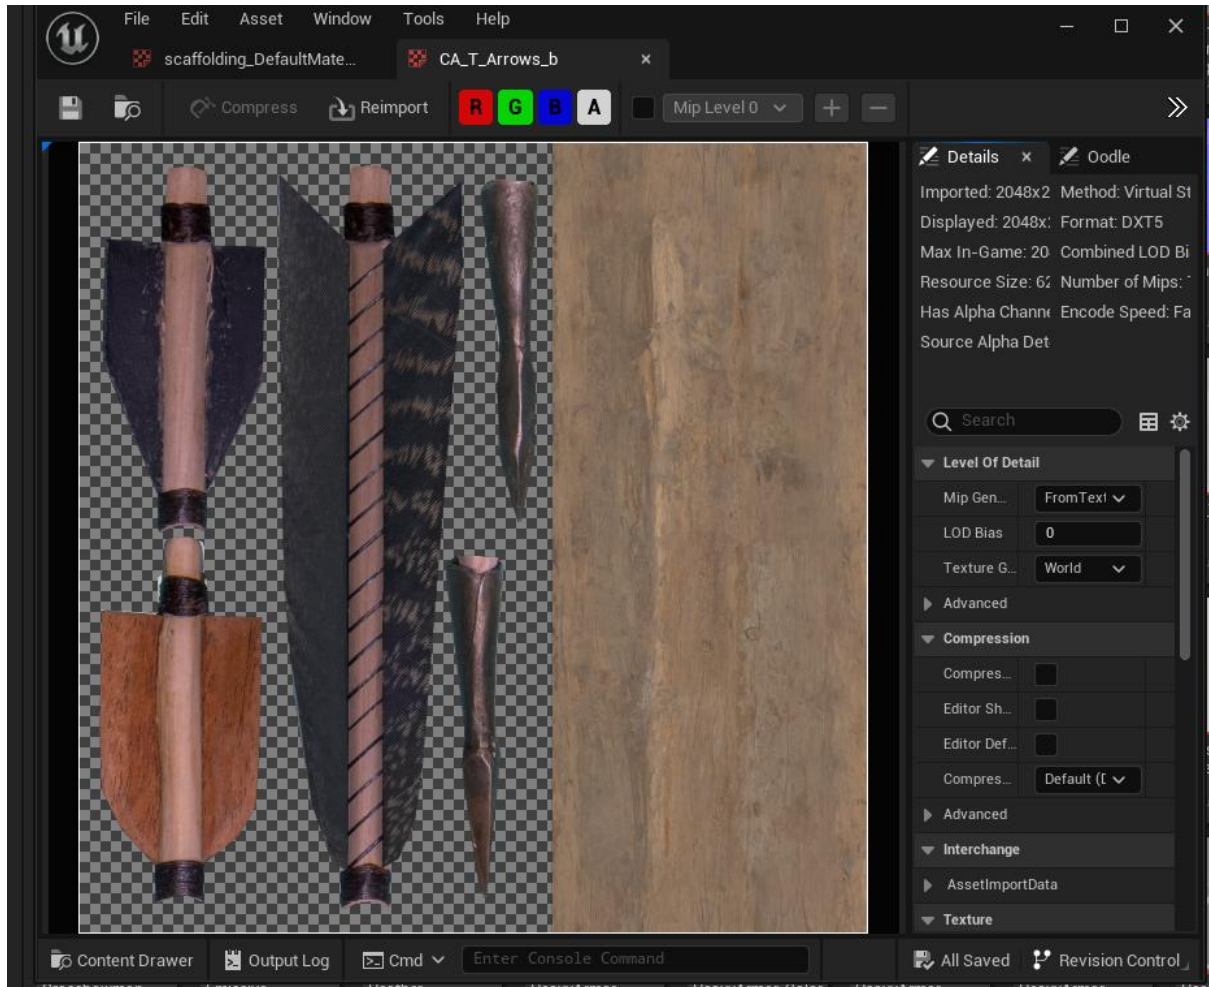

- cornerstone: for church archecture (and castles?)
- chruch glass x3
- tent
- church door relief
- art shack
- art shack roof
- church window 1 and 2
- floor tiles (main menu) x2
- coaler
- common house
- donkey mill
- hoardings /wall system
- limestone kiln
- log hut
- plaster (castle /church architecture)
- roof shingles (castle /church architecture)
- stone (Castle)
- straw (roof common houses)
- trimsheetProps01
- wheats D
- cheesy
- hoardings atlas (walls
- wood shingles shack roofs
-

Other Maps (might be optimized)

Scaffoldings

Arrows

and a lot of animals (*that will me sorted out*)

https://trello.com/c/EsRwpSjq/705-alpha-map-plant-wares-trimsheet03?search_id=da118d8d-5569-465f-8cd9-275475878005

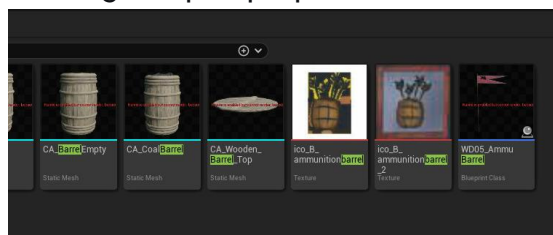

Currently Open Assets:

Brazier (coal pan for wall defenses)

- steel
- ashes / coal
- glowing ashes / coal (fire comes from fx)

Ammunition Barrel (Arrows, Bolts, javelins) (Hannes in editor) ☒

- existing town props barrel
- existing weapon props

Campfire for siege camp (almost done by chuwak)

- coals /ashes
- glowing coals ashes

Some weapon racks for siege camp/ tournament place

- wood material

Horse /ox cart (almost done by chuwak, using siege material) ☒

Market stands (tasked for chuwak)

props for the clay pit, and the clay pit (chuwak)

smelter oven (to be put inside the forge) (chuwak)

tournament place props: archer targets

<https://trello.com/c/Fpv7urhJ/949-archer-butt-mound>

construction destruction props (tools, rope lines etc)

→ use the siege materials?

<https://trello.com/c/BxrnyO84/692-props-for-construction-destruction-stages-ropes-tools>

table or furniture for MM and in front tavern, butchery, cheesery, vinery and such
(medieval furniture)
