Access permissions for events

1.4 Select the persons to share with, and click on "send".

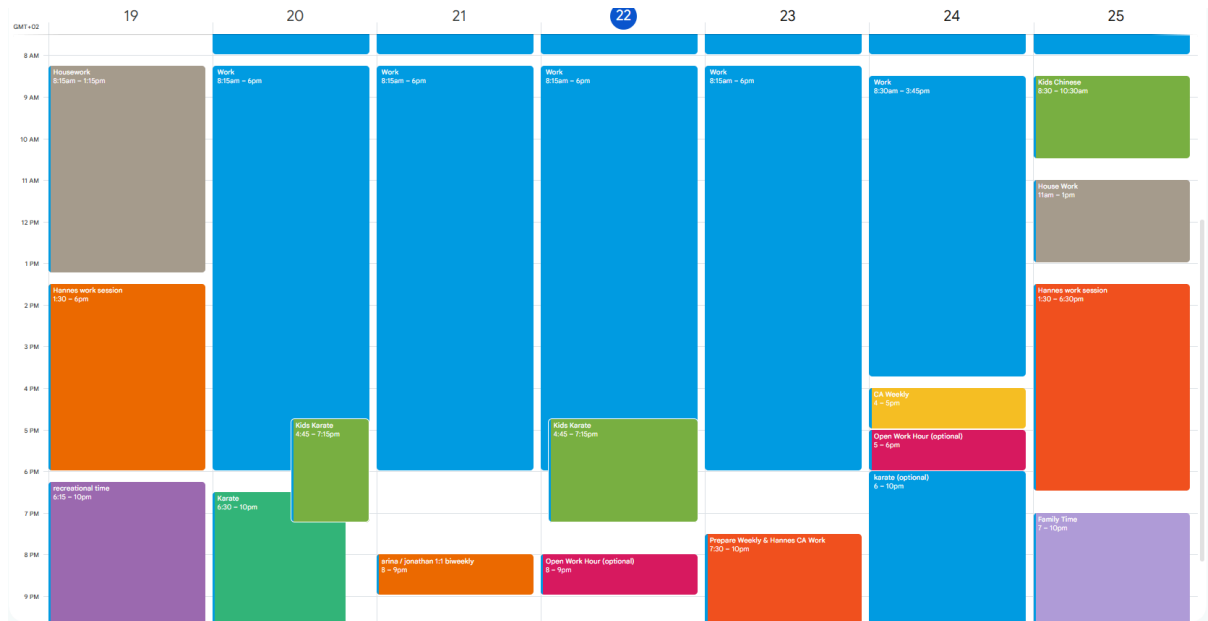

1.5 Add meetings, and share them.

Now, your specific schedule should look somewhat like this:

1.6. Example: my calendar looks like this:

you can find my calender here:

2. Regular Team Meetings

Regular Team meetings happen friday at workdays 4 to 5 or sometimes 6pm of central european time. Also, notice, we have central european summer time, there is 1 hour of time shift between winter and summer.

Here we summarize the week's progress from the last week, show each other, gather feedback and plan the tasks for the upcoming week. Also, we make decisions together.

3. 1:1 Meetings

Personal topics belong into the 1:1 meeting. This is quasi to settle individual work contract details, current work circumstances and anything that is perhaps not interesting for the whole team. As it stands, the 1:1 can happen bi-weekly or once per month.
